

MMS Car Line Procedure

1. Drive slowly through the parking lot.
2. Please do not let your children walk out to the parking lot. Wait until you get close to the school to pick up your child. This will allow three vehicles to load at a time, and help the car line run more efficiently.
3. The 1st lane, closest to the school, goes straight and exits at the 4-way stop.
4. The 2nd lane turns left and exits out of the parking lot.
5. Do not block the entrance to the parking lot with your vehicle.
6. Once each lane is full, start a new lane to the left.
